

Black Jug Rules

Hi Everyone

As some of you know we are changing the format for our Black Jug Fishing competition.

To look after our fish stocks is everyone's responsibility so to do our bit we are **drawing a maximum length on the morning of the competition**. Anything over the selected length will not be eligible. Then it comes down to weight. The heaviest snapper from the random length chosen down become the winner of the Black Jug (The longest fish may not necessarily win)

Eg. Maximum length 71cm

TOM	71cm	6.23kgs
PETER	71.6cm	N/A
MARY	71cm	6.30kgs
PADDY	70cm	6.32kgs

WINNER: PADDY

The target length you will have to get off Pete, Marge, Peter Ganley or Barry Kearney who are official referees for the comp

Length will be drawn at 10.30AM Friday morning of the competition.

ALL ENTRANTS must be able to communicate to one of these referees by text, email or mobile by 11AM on Friday.

It is your responsibility to know the target.

Fish will be kept and cut opened for obvious reasons because we see the compb being very close

In the case of a draw, the money will be split.

** Also nothing under 40cm will be eligible for Average/Mystery weight

GOOD LUCK

Any questions please call us at Tipi & Bobs	09 429 0550
Pete	021 505 0187
Marge	027 550 5187
Barry Kearney	027 297 3141
